COILS AUSTRALIA TESTIMONY

Industrial Air has been a Distributor for Coils Australia Pty Ltd for over 18 months. In this time we have sold DX, Chilled and hot water coils and find the Coils Australia range to be very flexible. We have worked very closely with Coils Australia engineers to get many project specified in some complicated applications.

We find the Quality and performance of the product to be excellent. Packaging is good quality resulting in no delivery damage. Deliveries have been reliable and on time.

Industrial Air is proud to be a Coils Australia distributor and would be very happy to recommend them for any project.

Regards
