Re: Coils Australia –Testimonial:

Mobile Electrics & Refrigeration, one of the largest mechanical services organisations in the Northern Territory has been dealing with Coils Australia Pty. Ltd. for the past 7 years.

In that time they have supplied us coils of numerous quantities, sizes, configurations and materials, the most recent being a large consignment of specialised coils for the oil and gas industry.

Coils Australia is extremely professional in their dealings, are extremely competent in their engineering, design and selection of their products and are very competitively priced.

The quality of the product received cannot be faulted from the protective packaging through to their prompt and consistent delivery schedules.

In 7 years of dealings we have never had a late delivery of products from Coils Australia.

Yours faithfully,
Mobile Electrics (NT) Pty Ltd
